

OSCAR GOMEZ

COMPUTER SCIENTIST

ogomez.2026@gmail.com | 925-338-4289 | github.com/Oscar-G0m3z | San Luis Obispo, CA

SKILLS

Programming

- Python
- C
- Java
- Go

Frameworks

- Docker
- SQL
- MongoDB
- React

Languages

- English,
- Spanish (Professional Working)

RELEVANT COURSEWORK

- Data Structures
- Design and Analysis of Data Structures
- Object-Oriented Programming
- Systems Programming
- Distributed Systems
- Wireless Security

EDUCATION

B.S. Computer Science Sept 2022 – June 2027 (anticipated)

- **California Polytechnic State University — San Luis Obispo**
- Concentration in Privacy and Cybersecurity
- Minor in Statistics (planned)

EXPERIENCE

Senior Project – Containerized Malware Sandboxed : Cal Poly SLO

Jan 2026 - Present

- Currently collaborating with a professional team to develop a multi-engine detonation Sandbox.
- Contributing to research, implementation, and testing of malware detection across different systems to create consistency.
- Gaining hands-on experience with secure systems development and team-based workflows.

Teacher Assistant for Systems Programming : Cal Poly SLO

Apr 2025 - June 2025

- Assisted students with debugging C programs and troubleshooting software issues.
- Helped with grading assignments and tests, providing constructive feedback to students based on results.

Teacher Assistant for Object Oriented Programming : Cal Poly SLO

Mar 2024 – June 2024

- Gained further understanding in Java and Object Oriented Programming through assisting students with any coding issues they may have.

NCAA Division I Cross Country/Track & Field Athlete: Cal Poly, SLO

Aug 2022 - May 2024

- Built qualities of self-discipline, teamwork, time management, punctuality, self-motivation, and competitiveness.

PROJECTS

Sandlot (2026 - Present)

Open-source malware analysis and sandbox development project. (JavaScript)

<https://github.com/Emulated-Criminals/Sandlo>

Pump Planner (2025) :

Workout planning application that tracks gym progress and exercise history. (HTML, Javascript)

<https://github.com/itsjustdwight/PumpPlanner>
